The Network of the National Library of Medicine (NNLM) Connects Health Information, Data, and Communities

Join our Network of Community Partners Advancing Health and Wellness!

"The NNLM is a great partner! I appreciate their funding very much as it plays a critical role in our ability to do outreach in rural areas." ~Public Librarian

[NNLM.GOV/MEMBERSHIP/JOIN](https://nnlm.gov/membership/join)

Membership is Free and ALL are Welcome!

If you provide health information and data through a library, information center, public health department, K-12 school, university, community, faith-based, or other organization, join us as we work together to decrease health disparities.

Membership Perks

- Register for free in-person and online training opportunities
 - Receive Continuing Education credit from the Medical Library Association (MLA), Continuing Nursing Education, or for the Certified Health Education Specialist program
 - Obtain sponsorship for a MLA Specialization
 - Order free informational materials
 - Apply for funding supporting your health information and data outreach projects
 - Request support for hosting a National Library of Medicine Traveling Exhibit at your library or organization
-

“I value the work of the NNLM. Without the resources, training and funding they provide, we would not be able to create robust community engagement on health literacy. As a manager, I value the training provided by the NNLM and connect my staff to resources to improve or enhance their skills and knowledge.” ~Health Sciences Librarian
