Cruise Ship SOS Ben MacFarlane, MD

Lume Books
2020 (reprint)
210 pages
ISBN: 978-1839012303

Summer Self Care

Summary

In *Cruise Ship SOS: The Life-saving Adventures of a Doctor at Sea*, author Ben MacFarlane, M.D., shares his experience as a ship's doctor with 3,000 passengers and crew to look after. Join Ben and his colleagues on this cruise and find out why ship's doctors think bar stools should carry health warnings, why the casino can be safer than the sick bay in a storm and why no amount of sharks, pirates or tidal waves will ever be as dangerous as the midnight buffet. With all the drama and excitement of popular medical dramas, these incredible true stories are told with warmth and humor. (From the [Publisher](#)).

Questions

1. What health information stood out to you the most from the book?
2. What was your favorite part of the book? Why?
3. For you, what was your least favorite or most challenging part? Why?
4. Did you re-read any passages? If so, which ones?
5. How did your opinion of the book change while you read it?
6. What surprised you most?
7. What was missing and what do you wish was included?
